**1. Council to discuss with the Planning Commission on our goals to achieve on the 5 year plan for the future of the Village of Pleak.**

The purpose of this workshop is to look at our goals for the Village of Pleak for the future in the next 5 years. There are so many goals to think about but we have to prioritize the top ones. The main goal right now is to work on getting the ESD passed to support the fire department. Zoning is next. There is so much that we do not know about zoning and we need to contact the city attorney to get started in the right direction. While working to support the fire department with the ESD, the Village can get started on obtaining the information on how to set up zoning in the Village of Pleak city limits. Other goals following would be encouraging retail businesses to come to Pleak, water and sewer, road maintenance, taxes, city manager and a municipal court.

**2. Adjournment.**

Mayor Bittner adjourned the workshop.
